

Dear ICEC Staff,

I am sure there are many days that seem uneventful, maybe even boring. But know each day and each moment you are making a difference. Maybe you saw progress during therapy, - or helped a child relax and enjoy his day. Maybe you shared your knowledge and caring with a parent that resulted in encouragement and renewed hope.

We appreciate being at ICEC and knowing a staff that is knowledgeable and compassionate. You help make life a little better

for us.

Thanks for everything!!!

To the Wonderful Staff of ICEC:

You are the silver lining of the dark cloud that has encompassed our family's life since Andrew's diagnosis. You are such special ladies, and the work you do is most noble. Thank you for all the tender, loving care you have given to our precious Andrew. We will never forget your kindness. God bless you all!

Love,

Thank you for taking all the time we needed from the moment I very first walked in the door of I.C.E.C. And thank you for tweaking and tailoring Michael's intervention program to perfection. You're awesome and will recommend I.C.E.C. every time the topic comes up!

Sincerely,

Fred and Cora Tudd

To the wonderful staff of ICEC

We will never be able to put into words the gratitude we have for all of you.

In the last 10 months, we have seen our little boy grow into the SUPER kid he is today. With your help, guidance, support and love, he has come out of his shell and now is ready to go forth and achieve greatness!

THANK YOU, THANK YOU, THANK YOU!

You all will be missed! With all our love

We love and appreciate you all. We can't imagine where Ben would be without your "intervention." 😊

Early on, I suspected that this was not just a job but a mission you've embarked on, to love and empower our kids. We are indebted and grateful to you!

Have a wonderful Christmas holiday - Blessings on you!
